Socially Responsible Investment (SRI)
has grown to a big market internationally:

- Asset managers and asset owners representing more than USD 18 Trillion total assets have already signed the

United Nations backed PRINCIPLES FOR RESPONSIBLE INVESTMENT (UNPRI),

- Many fund managers have launched dedicated SRI funds to meet the demand of private investors.

To address this market and start a discussion on potential prospects for the Singapore asset management industry the

- Chartered Alternative Investment Analyst Association, CAIA
- Investment Management Association of Singapore, IMAS
- OWW Consulting
- Singapore Venture Capital & Private Equity Association, SVCA
- The Alternative Investment Management Association, AIMA

invite you for a free seminar on the 6th of August.
