Opinion

Tracking the big picture

The results of Asia Asset Management's 2013 Fund Manager Survey reflect a world in which the so-called 'smart money' trusts the China story. Despite the country's continued stock market weakness, its ongoing concerns about debt and housing bubbles, and some impressive performances...

New findings from provider of Asia environmental, social and governance (ESG) research, Reputex, indicate that the ESG performance of Hong Kong and mainland Chinese companies has remained stagnant these last 12 months.

Fund Manager Survey 2013

Global players swoop in on Greater China

The past 12 months have proven once again that the fortunes of the Asian markets largely rely on a zero-sum game in which global investors, particularly in risk-on environments, shun low yielding developed economies in favour of the emerging markets, where Asia dominates...
