Emerging and Frontier Asia

[A big boat to miss](#)

Detractors of the ASEAN Economic Community (AEC) beware; the booming markets of Southeast Asia are about to find new form. Implementation begins in 2015. Misplaced cynicism from within the asset management industry about regionalism in general, based on takeaways from the Eurozone sovereign debt crisis, is going to cost.

Unlocking the vast potential of frontier markets requires rigorous research

Despite the fact that the market value of frontier markets, collectively, accounts for less than 1% of the global equity market, this fast growing segment has much allure for risk-taking investors, mostly because its high growth potential suggests it may be the next big thing to emerge, and it tends to offer diversification benefits....
